

GREATER CIRCLE

YOUR MEMBERSHIP INCLUDES

5 Pillar Planning Workshops

You are invited to attend a 2 hour planning workshop at the start and midway through the calendar year. The first workshop provides you with the opportunity to understand your 5 pillars, including health and wellness, business, personal and professional development, wealth and lifestyle. This is an opportunity for you to map out your goals and walk away from the session having more clarity on what you would like to achieve in the short and longer term, with a focus on your next 12 months. The second 5 pillar workshop half way through the year, has a similar feel and is a chance to review how you are going and reset if you need to. The planning workshops set you up for the year and provide you with a framework you refer to and review at our Greater Circle Gatherings and as part of your Inner Circle meetings. For many of us these sessions are so crucial to our thinking and focus, giving us all that much needed 'me' time.

Greater Circle Gatherings

The Greater Circle Gatherings are a combination of structure and social. The first hour is designed to bring members together in a facilitated format, where you will check in on your progress and review how you are going in relation to your goals and plans, you will have the opportunity to deep dive on ideas and challenges as well as celebrate your wins and successes. We keep the formal part of the session to approximately an hour followed by networking.

Deep Dive Workshop

A full day workshop with all members where we delve deep into various areas, with a focus around our 5 pillar plan. It is the perfect opportunity to share and brainstorm with other members and deepen our connections. The format of the day varies, depending on the members, current issues or ideas and we often include members in the workshop, where they may have a specialisation or experience in a certain subject matter. You are encouraged to share your workshop ideas, thoughts with us at anytime and where it makes sense to, we invite members to facilitate a component of our deep dive.

Our Member Portal and Facebook Group

Every member has access to our member portal and closed facebook group. The member portal includes a profile of each member, our planning tools and lists our calendar. We ask members to go into the portal at the beginning of each year and update their profile, particularly the section on goals. This is a very simple way to commit to your plans for the 12 months. All members are also encouraged to go into the portal regularly to view people's profiles and get to know members.

Our Facebook group is used to share info, up and coming activities about SWB and communicate with each other regularly.
